

# Michael Hall

Web Developer - [MichaelHall.io](https://MichaelHall.io)

## Experience

---

### Freelance Developer

September 2020 - Present

- Work directly with clients to design, develop, deploy, and adjust websites based on their needs.

### Flooring Sales Specialist

Lowe's Home Improvement - Jacksonville, FL

June 2021 - Present

- Build and maintain relationships with long term and new customers.
- Guide customers through install processes and products
- Review order information to coordinate installations and deliveries

### Service Technician

Quality Plumbing, LLC - Kodak, TN

September 2017 - October 2020

- Develop personal connections with customers to adapt to their needs/wants while delivering exceptional customer service.
- Diagnose various plumbing issues for each customer, then resolve the issue via repair or new installation.

## Projects

---

### LendingHandCleaners

A website created for a residential cleaning service

[LendingHandCleaners.com](https://LendingHandCleaners.com)

A brochure website designed using Figma and developed using Nextjs. Along side of Next this site uses a mix of Styled Components and SCSS. Styling choices include css-grid for a responsive layout, with the assistance of flexbox and custom variables.

### Casey Hall Law

A personal injury lawyer site

[CaseyHallLaw.com](https://CaseyHallLaw.com)

A brochure website built using tools such as Figma, Reactjs, Nextjs, Styled Components, and SCSS. This site features a mobile first design using CSS grid and flexbox. My role was to design, develop, and deploy all aspects of this site.

### AHBowtique

Ecommerce React Site - MERN

This ecommerce site is custom built using React and Redux. Styling features bootstrap and bootswatch for a quick base styling. The site is features a pay feature with paypal pay system(set in test mode).
